NPIC/TSSG/DED-1660-69
18 June 1969

MEMORANDUM FOR: Chief, Support Services Division, TSSG/NPIC
ATTENTION: Chief, Logistics Branch, SSD
SUBJECT: Request for Permission to Store Equipment

1. [] developed and delivered to NPIC a Flicker viewer (eight channel viewer) under Contract [] This instrument is presently stored within Development & Engineering Division spaces in NPIC.

2. Because of the shortage of space within DED and the present lack of need for this instrument, it is requested that this instrument be removed and stored in external spaces. It is anticipated that there will be a requirement for the device within the next year as a part of an overall image change comparator effort.

[]
Chief, Development & Engineering Division, TSSG
